TRANSMITTAL LETTER

Dear Sir:

The Notice of Allowability mailed August 5, 2010 acknowledges receipt of the Forms PTO-1449 submitted with the Information Disclosure Statement of May 23, 2008. The Notice of Allowability explains that the reference DE 10359296 was not considered since it was not present in the application file wrapper. However, DE 10359269 was present in the file wrapper, and was simply a typographical error on the U.S. Patent Office Form PTO-1449.

Enclosed is an additional copy of the IDS and the Forms PTO-1449. Since the IDS was previously filed, it is respectfully submitted that reference should have been considered at the time of the submission of the IDS. Also, no fee is believed necessary since the IDS was filed before issuance of the Notice of Allowance.

Please initial and enter the previously filed IDS and return a copy to the undersigned.
